MEMORANDUM FOR THE RECORD

SUBJECT: Conversation With HPSCI Staff: Action by House Post Office and Civil Service on Retirement Legislation

1. On 9 October 1985, while I was discussing another matter with Mr. David Addington, Minority Counsel, House Permanent Select Committee on Intelligence (HPSCI), he provided me with the following information on the subject of retirement legislation.

2. HPSCI has been contacted by the House Post Office and Civil Service Committee. The latter plans to take action within the next six weeks on its version of the federal retirement legislation. Hearings and a "markup" of the bill are planned. Post Office and Civil Service is aware of the existence of the Central Intelligence Agency Retirement and Disability System (CIARDS) and intends to make some provision for it in their bill, although no indication was given as to any specific intentions vis a vis CIARDS. Post Office & Civil Service was giving this information to HPSCI because it was aware of HPSCI's jurisdictional interest in CIARDS and wanted to elicit a HPSCI position on the subject.

3. Mr. Addington stated this action by Post Office and Civil Service would likely mean that HPSCI would take an interest in CIARDS and the retirement issue in the near future, perhaps as soon as the authorization bill conference process was completed.

4. I thanked Mr. Addington ~~for the~~ information.
